PLEASE NOTE THE FOLLOWING VERY IMPORTANT INFORMATION

In an effort to improve our responsiveness to emergencies within Kenner, Following procedure should be followed. In the event that you witness an emergency within the clinic, please call 4-9999 and inform the operator of the nature and location of the emergency. Overhead paging is still an appropriate means of calling for help: to activate PA system, dial *156, after tone dial 0, after second tone dial 0 and give a message. Calling 911 remains an important part of any emergency that appears life threatening. If you are BLS trained, remember the ABCs of treatment.

Unless noted, the area code for all telephone numbers in this listing is 804-734-XXXX
